Indigestion, indicated by sourness of the stomach, flatthency, icarlurr, and distress after eating, are followed by disordered liver, constipation, headaches, kidney disease, loss of appetite, nervousness, debility and loss of fesh. Loss of flesh prepares the way for the most serious consequences. Weakness from any cause is an invitation to consumption. The germs of consumption are in the air and in our food—in the water we drink. They are extrawhere. But they are harmless to the perfectly healthy body. It is only when the body is weak that they do any harm. Prompt measures should be taken at the first indication of disease. When indigestion shows itself in any form it calls for the immediate use of Dr. Pierce's Golden Medical Discoyery. This wonderful medicine is an invig: rating tonic for the whole system.
